INDEPENDENT AUDITORS’S REPORT

Board of Directors
SOS Children’s Villages – USA, Inc.
Washington, D.C., USA

We have audited the accompanying statement of financial position of SOS Children’s Villages – USA, Inc. (the “Organization”) (a nonprofit organization) as of December 31, 2018, and the related statements of activities, statement of functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management’s Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor’s Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion
In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SOS Children’s Villages – USA, Inc. as of December 31, 2018, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information
We have previously audited the Organization’s December 31, 2017 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated June 1, 2018. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2017 is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS

December 31, 2018 And 2017

(1) NATURE OF ORGANIZATION

SOS Children’s Villages – USA, Inc. (the “Organization”) supports the effort of SOS Children’s Villages International – both in the USA and around the globe. SOS Children’s Villages International, a global federation, builds families for orphaned, abandoned and other vulnerable children in 135 countries. In the United States, villages are currently located in Florida and Illinois. Founded in 1949, we are the largest nonprofit federation in the world dedicated to the care of orphaned, abandoned and other vulnerable children. Through our family support and care programs, medical centers, schools and emergency relief efforts, SOS Children’s Villages impacts the lives of millions of children and families.

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Organization follows the reporting requirements of U.S. generally accepted accounting principles (GAAP), which requires that resources be classified for reporting purposes based on the existence or absence of donor-imposed restrictions. This is accomplished by classification of fund balances into two classes of net assets: without donor restrictions and with donor restrictions. Descriptions of the two net asset categories and the types of transactions affecting each category are as follows:

Without donor restrictions – Net assets that are not subject to donor-imposed stipulations and that may be expendable for any purpose in performing the primary objective of the Organization. These net assets may be used as the discretion of the Organization’s management and the board of directors.

With Donor Restrictions – Net assets subject to donor-imposed restrictions that will be met either by actions of the Organization and/or the passage of time. Items that affect this net asset category are gifts for which donor-imposed restrictions have not been met in the year of receipt.

When a donor restriction expires, that is, when a stipulated time restriction ends, or the purpose restriction is accomplished, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities. Expenses are reported as decreases in net assets without donor restriction.

Income Taxes – The Organization has been granted exemption from federal income tax under Section 501(c)(3) of the Internal Revenue Code (the “Code”), and has been classified as an organization, which is publicly supported under Section 509(a)(1) of the Code.

Management has reviewed the tax positions for each of the open tax years (2015 – 2017) or expected to be taken in the Organization’s 2018 tax return and has concluded that there are not significant uncertain tax positions that would require recognition in the financial statements.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents – For financial statement purposes, the Organization considers all highly liquid instruments purchased with a maturity of three months or less to be cash equivalents.
Concentration of Credit Risk – The Organization occasionally maintains deposits in excess of federally insured limits. Accounting Standards Codification (“ASC”) 825, “Financial Instruments”, identifies these items as a concentration of credit risk requiring disclosure, regardless of the degree of risk. The risk is managed by monitoring the financial institutions in which deposits are made.

Property and Equipment – Property and equipment are recorded at cost and depreciated on a straight-line basis over the estimated useful lives of the assets (3-10 years). The Organization capitalizes all property and equipment expenditures greater than $2,000 with a useful life of greater than one year.

Grants Payable – The Organization records grants as liabilities upon approval by the Board of Directors. Grants payable are generally to affiliates of SOS-KDI and disbursed subsequent to the board approval and then upon the request of the affiliate.

Functional Allocation of Expenses – The financial statements report certain categories of expenses that are attributable to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. These expenses are allocated on the basis of estimates of time and effort.

Contributions In-kind – Contributions in-kind primarily consists of radio and billboard advertisements directed towards educating the general public about orphaned children and the role parents play in their development.

Reclassifications
Certain amounts from the prior year financial statements have been reclassified to conform to the current year presentation.

Recent Accounting Pronouncements
In 2018, the Organization adopted Accounting Standards Update (ASU) 2016-14, Presentation of the Financial Statements of Not-for-Profit Entities. This guidance is intended to improve the net asset classification requirements and the information presented in the financial statements and notes about a not-for-profit entity’s liquidity, financial performance and cash flows. The main provisions of this guidance include the presentation of two classes of net assets versus the previously required three. This guidance also enhances disclosures for board designated amounts, composition of net assets without donor restrictions, liquidity, and expenses by both their natural and functional classification.

A summary of the net asset reclassifications driven by the adoption of ASU 2016-14 are as follows:

NOTES TO FINANCIAL STATEMENTS – (Continued)

December 31, 2018 And 2017

New Accounting Pronouncements Not Yet Adopted

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606) (ASU 2014-09). The ASU establishes a comprehensive revenue recognition standard for virtually all industries under generally accepted accounting principles in the United States (U.S. GAAP) including those that previously followed industry-specific guidance. The guidance states that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The FASB issued ASU 2015-14 in August 2015 that deferred the effective date of ASU 2014-09 by a year thus the effective date is fiscal years beginning after December 15, 2018. Early adoption is permitted and should be applied retrospectively in the year the ASU is first applied. The Organization plans to adopt the new ASU at the required implementation date.

In 2016, the FASB issued ASU 2016-02, Leases (Topic 842). The ASU changes the accounting treatment for operating leases by recognizing a lease asset and lease liability at the present value of the lease payments in the statement of financial position and disclosing key information about leasing arrangements. The ASU is effective for private entities for fiscal years beginning after December 31, 2019. Early adoption is permitted. The ASU should be applied at the beginning of the earliest period presented using a modified retrospective approach. The Organization plans to adopt the new ASU at the required implementation date.

In June 2018, the FASB issued ASU 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The amendments in this update will assist entities in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) or as exchange (reciprocal transactions) and determining whether a transaction is conditional. ASU 2018-08 is effective for fiscal years beginning after December 15, 2018. The ASU should be applied using a modified prospective basis. The Organization plans to adopt the new ASU at the required implementation date.

(6) FAIR VALUE OF FINANCIAL INSTRUMENTS

The Organization utilizes various methods to measure the fair value of its assets on a recurring basis. United States generally accepted accounting principles establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are described below:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities that the Organization has the ability to access.

Level 2 – Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Organization’s own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The inputs methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The summary of inputs used to value the Organization’s assets that are carried at fair value as of December 31, 2018 and 2017 are as follows:

Shared Treasury Services

Effective December 31, 2016, the Organization entered into an arrangement with SOS-KDI Shared Treasury Services (“STS”) to manage grant funds transferred with the objective of mitigating financial risks to safeguard SOS-KDI funding obligations. Under the terms of this arrangement, the Organization commits to an annual budget of fund transfers that include sponsorships and other child money gifts. Such transfers are invested in trust with funds of other affiliated entities and remain the property of the Organization until it is disbursed to the intended recipient. Each participant of the trust is allocated its share of foreign exchange gains and losses, interest, and bank charges. During the years ended December 31, 2018 and 2017, the Organization earned approximately $184,000 and $85,000, respectively, on the invested balance.

(10) PENSION PLAN

The Organization maintains a 403(b) Defined Contribution Plan (the “Plan”) for all employees who have obtained a minimum of six months of service. Eligible employees receive a 5% contribution to the Plan on behalf of the Organization. Pension expense for the years ending December 31, 2018 and 2017 was approximately $86,000 and $101,000, respectively. Additionally, there was no discretionary contribution for the years ended December 31, 2018 and 2017.
(11) RELATED PARTIES

The organization has $221,000 and $202,000 in pledges receivable from members of the board of directors as of December 31, 2018 and 2017, respectively.

(12) FINANCIAL ASSETS AND LIQUIDITY RESOURCES

At December 31, 2018 financial assets available for general expenditure, that is without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following:

<table>
<thead>
<tr>
<th>Financial Assets</th>
<th>2018</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash and cash equivalents</td>
<td>$1,582,423</td>
</tr>
<tr>

</tr>
<tr>
<td>Total financial assets available within one year</td>
<td>5,353,477</td>
</tr>
</tbody>
</table>

Less those unavailable for general expenditure within one year, due to:

- Restricted by donor with purpose or time restrictions (549,538)
- Total financial assets available to management for general expenditures within one year $4,803,839

As part of the Organization’s liquidity-management plan, it structures its financial assets to be available as its obligations come due.

(13) SUBSEQUENT EVENTS

Subsequent events after the balance sheet date through the date that the financial statements were available for issuance, September 30, 2019, have been evaluated in the preparation of the financial statements.
